6 October 2023

To: All Applicants

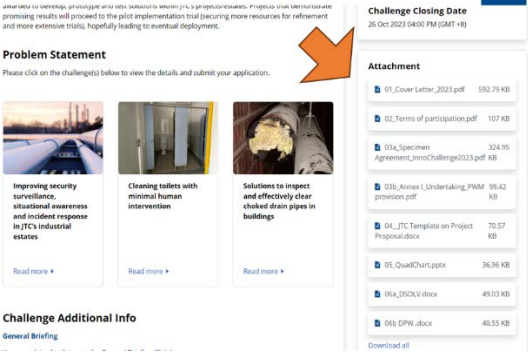

## **CORRIGENDUM NO. 2**

### **JTC INNOVATION CHALLENGE 2023**

#### Challenge Statement 3: Solutions to inspect and effectively clear choked drain pipes in buildings

Please take note of the following clarifications to the above Innovation Challenge in response to queries raised by applicants, which shall form part of the original Innovation Challenge document issued.

S/N	Query	Response
General		
1	Is JTC innovation Challenge a grant call?	No, the JTC innovation challenge is a procurement of R&D services, not a grant.

S/N	Query	Response
2	Is there a proposal template to follow?	<p>Yes please use the template &lt;04__JTC Template on Project Proposal&gt;. See screenshot below.</p> <p><a href="https://jtc.innovation-challenge.sg/statement-details.html">https://jtc.innovation-challenge.sg/statement-details.html</a></p>  <p>The screenshot shows a webpage for a challenge. It includes a 'Problem Statement' section with three sub-headers: 'Improving security surveillance, situational awareness and incident response in JTC's industrial estates', 'Cleaning toilets with minimal human intervention', and 'Solutions to inspect and effectively clear choked drain pipes in buildings'. There are 'Read more' links under each. To the right, there is an 'Attachment' list with files like '01_Cover Letter_2023.pdf', '02_Terms of participation.pdf', '03a_Specimen Agreement_InnoChallenge2023.pdf', '03b_Annex 1_UnderTaking_PWM Provision.pdf', '04_JTC Template on Project Proposal.docx', '05_QuadChart.pptx', '06a_DSOUV.docx', and '06b CPW.docx'. A 'Challenge Closing Date' of 26 Oct 2023 14:00 PM (GMT+8) is also visible.</p> <p>Do read the launch documents.</p>
3	For JTC's entitlement to a share of the Net Revenue derived from commercialisation, does it apply to internal stakeholders (i.e. tenants) too or only to external customers?	<p>Please refer to Clause 11.2.3 and Clause 11.2.4 of the specimen Research Project Agreement &lt;03a_Specimen Agreement_InnoChallenge2023&gt;.</p>
4	If we receive grant support from JTC, who will own the intellectual property rights to the final product?	<p>This is not a grant, this is a procurement of R&amp;D services.</p> <p>For Intellectual property, refer to Clause 10 of the specimen Research Project Agreement &lt;03a_Specimen Agreement_InnoChallenge2023&gt;.</p>
5	Who are eligible to apply? Only companies or institutions of higher learning (IHLs) are eligible as well?	<p>All entities that are not debarred from participating in public tenders are eligible to apply.</p> <p>IHLs are encouraged to partner with industrial partners so that the solution can be supported on a commercially viable manner, if successfully developed.</p>
<p><b>Challenge Statement 3: Solutions to inspect and effectively clear choked drain pipes in buildings</b></p>		
6	Our solution is more targeted for food waste emitting odourous gases that attract pest specifically for rubbish chutes and bin areas of food production industry areas. Food waste constitute 10% of carbon	<p>The described solution seems to address a symptom of choked pipe, instead of the root cause. If applicable, you could work with partners to provide a complete solution</p>

S/N	Query	Response
	<p>emissions and methane and odourous VOC too.</p> <p>We are not exactly addressing the 3 Challenges, but we're able to solve one of the pains with the most complaints from tenants and occupants.</p>	<p>through this Innovation Challenge to improve chances of success.</p>
